17 February 2026

Greetings!

Herkimer County Highway is continuing to progress the culvert replacement project on Hardscrabble Road CR 142 over City Brook located near the town line of Norway & Fairfield. The project has been awarded to Tioga Construction Co., Inc. and is scheduled to begin this spring, tentatively late April. Tree work will be performed, during Feb-March, prior to the actual start of construction. No road closures are anticipated for tree removal.

Two (2) weeks prior to the start of construction (tentatively late April), the bridge area will be posted with the actual road closure date. This will be a full road closure with no through traffic allowed. A copy of the detour route(s) is attached. It is anticipated the road to be re-opened to traffic near the end of July. The closure and re-open dates are tentative, based on several factors including weather. We will keep you informed of any changes through this email chain. Please share this information and detour route as needed.

Should you have any additional questions, please call me at 315-867-1330 or email at [styoe@herkimercountyny.gov](mailto:styoe@herkimercountyny.gov).

Sincerely,

Stephanie L. Tyoe, L.S.  
Deputy County Highway Superintendent
